

Kansas City Team

The Kansas City Team is part of the "Friends of the Bridegroom" Ministry, under the overall leadership of Mike Bickle. Their vision is to build a Mission Base with the focus on preparing the church for the Lord's return. The center point of their Ministry is their 24/7 International House of Prayer, which has been going 24 hours a day, 365 days a year since September 1999. Flowing from this focus on ministering to the Lord is their Prophetic division, healing rooms divisions, equipping the smaller saints division and other training schools.

Their travelling teams are made up of people (mainly young people, aged 18-30), who see themselves as missionary intercessors. These people have dedicated their lives to serve at the International House of Prayer, and most spend about 50 hours a week doing so. Their mission is to spread the fire of passion for Jesus and to impart the prayer mandate to other states and nations.

Mike Brumback

Mike Brumback has been with the International House of Prayer (IHOP) of Kansas City since its inception, and became a full-time staff member in November 1999. He and his wife, Linda, have helped Mike Bickle pioneer the House of Prayer.

Mike's main calling is to develop passion for JESUS through the knowledge of the beauty of GOD's heart. He believes the Revelation of the Majesty of JESUS is the key that will unlock the human heart.

Mike is very committed to see 24-hour *worship and intercession* established in the nations of the earth, especially in Asia. He believes Isaiah 56:7, which talks about GOD bringing joy to the House of Prayer (enjoyable prayer), *will be one of the keys to the global prayer movement. The nations will be filled with anointed prayers; which come from perfumed worship.*
